14.PITCHING:

Pitch counts:

Local pitchers :

100 pitches total for the weekend

Foreign pitchers :

As per specifics on pitch counts under relevant league rules

A local pitcher may go over the limit to complete the batter at the plate , that he would have started while still under the pitch count limit.

(Club coaches are also required to manage their individual pitchers & the number of pitches thrown , especially as regards possible double header weekends)

Pitch Count Penalties:

Any pitcher who exceeds the allowed pitch count is considered an ineligible player and shall be guilty of a misdemeanour if they violate these rules. The Club will forfeit any points won in that game and the player and head coach of the team will be subject to disciplinary action for contravening the competition rules.

The weekend pitch count is also applicable for weekends that involve suspended games .

When a suspended game is resumed – the pitchers may not exceed their pitch count for the weekend OR their game pitch count if they pitched in the game, which then became a suspended game.

This is to prevent a pitcher from exceeding his single game pitch count versus an opponent in 1 game

NOTE 1: Pitch counts to be controlled by a responsible person from each team, agreeing on the totals pitched at the end of each half innings and recorded by the scorers on the score sheets. Every pitch thrown to a batter must be counted.

NOTE 2: Where an 18U pitcher pitches in a senior league, the U18 pitch count rules are to be applied.

15. The CTBF Exco decision is final on the interpretation of these Senior Rule(s).
